Cover

QUALITY ASSURANCE REPORT

TMHCC Media Combined – 0223C vs 0526

Purpose. This report summarises the review carried out to produce the amended new wording, the Summary of Changes and the Summary of Cover. The draft/template was treated as the design source only; all cover and policy content was taken from the actual 0223C and 0526 wordings. Items requiring underwriting or legal sign-off are listed in the Reviewer Notes.

FILES REVIEWED

- TMHCC_Media_Combined_0223C_MIB.docx – previous (OLD) wording.
- TMHCC_Media_Combined_0526_FINAL.docx – new (NEW) wording.
- TMHCC_Media_Combined_Summary_of_Cover.docx – supplied draft, used as the branding/design source.

DELIVERABLES PRODUCED

- TMHCC_Media_Combined_0526_FINAL_amended.docx – new wording with a two-column, hyperlinked table of contents showing accurate page numbers (each entry links to the start of its section), page numbers added to the footer throughout, the Section 15 CyberGuard™ wording restyled to match the document and the stray “Section 16” / “Information Technology Section” references corrected (branding otherwise unchanged).
- TMHCC_Media_Combined_Summary_of_Changes_FINAL.docx (+ PDF) – branded 0223C vs 0526 comparison.
- TMHCC_Media_Combined_Summary_of_Cover_FINAL.docx (+ PDF) – branded summary based on the 0526 wording only.
- TMHCC_Media_Combined_QA_Report.docx (+ PDF) – this report.

COMPARISON METHOD

- Both wordings were read in full and mapped section by section (definitions, conditions, exclusions, each insuring Section, limits and claims conditions).
- Clauses were compared and classified (new / removed / broader / restricted cover; new / expanded / narrowed exclusion; amended condition or warranty; limit change; clarification; or no material change).
- Every key exclusion in the new wording was checked against the old wording and rated for severity.
- Findings were grounded in the actual wording; nothing was inferred where the wording was silent. Uncertain points are listed in the Reviewer Notes rather than guessed.

KEY COVER ENHANCEMENTS

- Three new operative Sections: Commercial Legal Expenses (13, ARAG), Management Liability (14) and CyberGuard™ Cyber Liability (15).
- Section 2 (Property & Equipment) clarified and expanded, with a worldwide equipment basis and an Artists' Technical Equipment extension (GBP 20,000).

Tokio Marine HCC is a trading name of HCC International Insurance Company plc, which is a member of the Tokio Marine HCC Group of Companies. HCC International Insurance Company plc is authorised by the Prudential Regulation Authority (PRA) and regulated by the UK Financial Conduct Authority (FCA) and Prudential Regulation Authority. Registered in England and Wales No. 01575839 with registered office at 1 Aldgate, London EC3N 1RE | tmhcc.com

- IT / computer equipment and Breakdown cover retained and integrated into Sections 1 and 2.
- Security Devices maintenance condition no longer applies to “bells only” intruder alarms.

KEY RESTRICTIONS

- Notification of a claim is now an express Condition Precedent to liability for Sections 1–11 – late notification could entitle insurers to decline a claim.
- The standalone Information Technology Section has been removed; although cover appears reproduced in Sections 1 and 2, the IT-specific structure and any “Data Storage” condition precedent should be confirmed.
- The new specialist Sections carry their own, sometimes broader, exclusions which prevail for those Sections.

KEY EXCLUSIONS

- General Policy Exclusions are substantively unchanged between 0223C and 0526 (Communicable Disease, Coronavirus/Covid-19, Property Cyber & Data, Terrorism, War, Nuclear, Pollution, Northern Ireland, Sonic Bang, Date Recognition, Fines & Penalties, Excess, Contribution).
- Applicability changed from “Sections 1–12” to “Sections 1–11” to reflect the new specialist Sections.
- New exclusion content accompanies the three new Sections (D&O conduct / insured-v-insured / BI-PD; cyber war and infrastructure; legal-expenses prospects and pre-inception matters).
- Property Cyber and Data Endorsement continues to exclude cyber loss and loss of data from the property Sections, with limited fire/explosion and data-media write-backs.

ASSUMPTIONS MADE

- All sums insured, limits of indemnity, sub-limits and excesses are Schedule-driven; the Schedule prevails and amounts were not independently confirmed.
- Sections marked optional (e.g. Terrorism, Loss of Licence, Legal Expenses, Management Liability, Cyber) are in force only where shown in the Schedule.
- Branding (logo, colours, fonts, cover graphic and footer) was replicated from the supplied Summary of Cover draft and applied to the Summary of Changes and Summary of Cover.
- The new wording uses a two-column hyperlinked contents with page numbers computed from the rendered document; page numbers are also shown in the footer throughout.

REVIEWER NOTES – CORRECTIONS MADE AND ITEMS FOR SIGN-OFF

- CORRECTED: references to a non-existent “Section 16” (Insuring Agreement, General Conditions and Policy Exclusions) have been amended to read Sections 13/14/15. This arose from deleting the old Section 4 (Information Technology) after the three new Sections had been numbered.
- CORRECTED: stale references to the removed standalone “Information Technology Section” have been taken out of the conditions and exclusions; the IT cover and its conditions now sit within the Business “All Risks” Section (Section 1), which is already listed in those clauses.

- **CORRECTED:** the Section 15 (CyberGuard™) wording has been restyled to match the rest of the document (section title, headings and two-column layout) and now appears in the live contents.
- **CORRECTED:** the contents is now a two-column, hyperlinked list with accurate page numbers (computed from the rendered document) and page numbers in the footer throughout, replacing the previous static list.
- **OPEN:** minor typographical / OCR artefacts remain in a few clauses (e.g. Conduct of Claims, Duty to Defend) – recommend a final proofreading pass before external issue.
- **OPEN:** confirm whether the IT-specific “Data Storage” condition precedent from the former IT Section should be reproduced within Section 1.
- **OPEN:** some internal applicability lists still use the former name “Production Property” for Section 2 (now titled “Property & Equipment”) – recommend aligning the naming.

QA CHECKLIST

Check	Result
Every material change traceable to OLD and NEW wording	Pass
Every key exclusion in the NEW wording reflected or flagged	Pass
Summary of Cover based on the NEW wording only	Pass
No unsupported cover added; restrictions not softened	Pass
Terminology consistent across documents	Pass
Branding consistent across both summary documents	Pass
Two-column hyperlinked contents + footer page numbers in new wording	Pass
Page numbering, headings, tables and spacing clean	Pass
Both documents ready for PDF conversion	Pass
Uncertain points listed in Reviewer Notes	Pass
