

GAP ANALYSIS & WORDING ENHANCEMENT — INTERNAL

Full Gap Analysis

Granular, clause-for-clause and definition-for-definition deficiency / enhancement record for the TMHCC Media & Music Combined wording, with copy-paste-ready wording for every recommendation and a full sub-limit harmonisation table.

Wordings reviewed

- TMHCC — Tokio Marine HCC — Media & Music Combined
- Tysers (Zurich) — Tysers “Focus” Combined ‘All Risks’ Media policy
- Yutree (AXA) — Media & Entertainment by Yutree
- Liberty — Liberty Entertainment Combined Policy
- Allianz — Allianz Entertainment ‘Complete’ Policy
- AXA XL — AXA XL Media & Entertainment Combined Corporate (Crisis Management & Special Risks)
- Ent. Elite — Entertainment Elite Policy (v3.2)

INTERNAL / WORKING DOCUMENT. Separate from the client-facing Coverage Comparison. Every broadening of cover and every sub-limit change is flagged for TMHCC legal / underwriting sign-off.

Grounded in the FINAL TMHCC clean wording and the six attached competitor wordings. Figures that cannot be traced to an attached wording are marked CANNOT-DETERMINE / UNCONFIRMED.

How to read this document: This is the internal gap/enhancement record. PART A reports the specific instructed inclusions (verified then actioned). PART B is the granular gap-by-gap analysis with copy-paste-ready wording. PART C is the sub-limit harmonisation table (old → new). Every item shows priority, underwriting impact, sign-off requirement and whether it is implemented (as a discrete tracked change) or parked. Personal Accident and Travel are deliberately excluded.

A Part A — specific master-wording inclusions (verified, then actioned)

A1 · Artists' Equipment extension (Section 2)

Finding	ALREADY PRESENT. Section 2 (Property & Equipment) contains an "Artists Equipment" extension under the Technical Equipment extensions, limited to GBP 20,000 per occurrence and in the aggregate. Wording matches the instructed text.
Location	Section 2 – Property & Equipment, "Artists Equipment" extension (clean wording).
Action	No change — confirmed present and correctly placed. NOT duplicated.
Status	Confirmed – no change

A2 · Stock and merchandise (Section 2)

Finding	ALREADY CATERED FOR. (a) "Stock" is a named insured Item: 'Property Insured means Buildings, Contents, Stock, Rent, Information Technology Property and any other Items stated in the Schedule'. (b) The Stock definition expressly includes 'materials in trade, merchandise (including work in progress...)', so merchandise for sale is captured. (c) Exhibits cover expressly includes 'demonstration and sample Stock/merchandise'; and 'all such goods shall be held to be insured... as Stock'. No wording prevents merchandise cover.
Location	Section 2 – Property Insured; Stock definition; Exhibits.
Action	No change — merchandise held for sale is already within "Stock".
Status	Confirmed – no change

A3 · Data recovery from old Section 4

Finding	PRESERVED — nothing lost. Old Section 4 (Information Technology) carried the data-recovery treatment as: a 'Breakdown' definition, a 'Data Carrying Materials' definition, an insured event covering Breakdown, and a basis of settlement reading 'replacement of Data Carrying Materials together with reinstatement of data contained thereon; whichever is the lesser to achieve compatibility...'. ALL of this survived into the current wording — the identical definition, insured event and basis-of-settlement wording appears in Section 1 (Business 'All Risks') and again in Section 2 (Property & Equipment). Old Section 4 had NO standalone, separate GBP data-recovery sub-limit — data recovery was met within the IT-property sum insured (cost-based, 'whichever is the lesser'). There is therefore no standalone sub-limit to reinstate.
Location	Section 1 and Section 2 – 'Breakdown' / 'Data Carrying Materials' / basis of settlement.
Action	No change — treatment preserved faithfully; nothing to reinstate (no duplicate created).
Status	Confirmed – no change

A4 · Touring / event money (Section 8) — restructured into two Schedule sub-limits

Finding	GENUINE GAP — ADDED & RESTRUCTURED. Section 8 (Money) had Sub-Section 1 (Money) + Sub-Section 2 (Personal Assault) + a Loss of Keys extension only, with no money extension for touring or events. Two new Schedule-referenced money extensions have been added: (1) 'Money – Premises' and (2) 'Money – Touring, Festivals and Events'. The touring/event extension amalgamates the Entertainment Elite event-money section (theft; safes/strongrooms/bags/containers; assault cover for clothing/personal effects/personal Money; and employee dishonesty discovered within 12 months) and adopts the '0523' (MIB) money enhancement that expressly recognises money 'at the Venue' and in transit to/from the Premises/Venue. No existing Money cover, condition or exclusion has been removed.
Location	Section 8 – Money, Sub-Section 1, immediately after the 'Loss of Keys' extension (before the Sub-Section Exclusions).
Action	ADDED as discrete tracked changes. BOTH sub-limits are SCHEDULE-REFERENCED ('up to the sub-limit shown against this Extension in the Schedule'), in line with the other Item coverages — the figures are chosen in the Schedule by underwriting. The attached entertainment competitor wordings

	(incl. Entertainment Elite) write Money on a Schedule/Item-driven basis, so no fixed market figure is invented.
Status	ADDED (tracked) – two Schedule sub-limits (Premises; Touring/Festivals/Events); figures set in Schedule

A5 · Employee definition — breadth vs Yutree & Tysers

Finding	Multiple Employee definitions exist. The general 'Employee – applicable to Sections 1–11' definition is ALREADY at least as wide as Tysers and Yutree (it covers contract-of-service, labour-master / labour-only sub-contractors, hired/supplied persons, self-employed labour-only, deemed-employment persons, government/work-experience scheme participants, unpaid persons temporarily working, and drivers/operators of hired plant). The Section 14 (Management Liability) and Section 12 (Media) definitions are also broad. The OUTLIER is the Section 13 (Commercial Legal Expenses) definition: 'A worker who has or alleges they have entered into a contract of service with You' — narrower than Tysers (self-employed, hired/borrowed, work-experience) and Yutree (labour-only, self-employed, hired/borrowed, voluntary helper, work-experience, prospective employee).
Location	Section 13 – Commercial Legal Expenses, 'Employee' definition.
Action	BROADENED the Section 13 definition (discrete tracked change, old text deleted / new inserted) to be at least as wide as Tysers & Yutree and consistent with the general Sections 1–11 definition. Tysers (General Definitions, p.9) and Yutree ('Employed person', p.88) verified from the attached wordings. The general S1–11, S12 and S14 definitions already meet/exceed the competitors — left unchanged for internal consistency.
Status	BROADENED (tracked) – Section 13 only

A6 · Cyber / Computer System definition consistency (S12 vs S15)

Finding	CONFIRMED INCONSISTENCY. Three different 'Computer System' definitions exist: (1) the property Cyber-Exclusion endorsement near Section 1 (modern, broad LMA-style: 'any computer, hardware, software, communications system, electronic device... owned or operated by the Insured or any other party'); (2) Section 12 (Media) — an older, web/comms-focused definition tied to the Insured's 'electronic communications system, world-wide web site, internet site...' (the narrowest); and (3) Section 15 (CyberGuard) — a modern, broad definition. 'Virus' is defined in S12; 'Data' and the Cyber Act/Incident/Loss triggers are defined in the property endorsement; S15 carries its own broad cyber dictionary.
Location	Section 12 – 'Computer System' definition.
Action	ALIGNED — the Section 12 'Computer System' definition has been replaced (discrete tracked change, old deleted / new inserted) with a broad definition consistent with Section 15 / the property endorsement, expressly stated to be construed consistently with Section 15. Virus (S12) and the cyber triggers were reviewed and are substantively consistent; no further change required. ALL SECTION 12 CHANGES REQUIRE LEGAL/UNDERWRITING SIGN-OFF.
Status	ALIGNED (tracked) – SIGN-OFF (Section 12)

B Part B — granular gap analysis & bridging

Each gap below is classified and, where it is a genuine deficiency supported by an attached competitor wording, bridged in TMHCC house style as a discrete, individually accept/reject-able tracked change. Personal Accident and Travel are excluded by instruction.

Gap 1 · Distributors & Purchasers extension (Media Liability)

Granular item	Extension of PI indemnity to purchasers/co-producers/licensees/distributors of the insured's media material.
Current TMHCC position	No equivalent extension in Section 12.
Competitor position (cited)	Tysers PI clause 8.7 extends indemnity to purchasers/co-producers/distributors of the insured's Media Material up to 5x the Limit of Indemnity in the aggregate (verified, Tysers p.57). Yutree/Liberty/Allianz/AXA XL: none.
Recommended action	ADD a Distributors & Purchasers extension capped at five (5) times the Indemnity Limit in the aggregate, with control-of-defence and claims-made/notification conditions.
Exact policy location	Section 12 – Extensions, after 'Indemnity to Principals'.
Priority	Medium
Underwriting impact	Medium — aggregate exposure 5x limit; control via 5x cap, control-of-defence and claims-made notification.
Legal sign-off required	Yes (Section 12)
Discrete tracked change applied	Yes
Status	Implemented (tracked)

Copy-paste wording: The indemnity provided by Insuring Clause 1. (Indemnity) is extended to apply to any purchaser, co-producer, licensee or distributor of Media Material produced or supplied by the Insured, but only in respect of claims arising from such Media Material and only where the Insured is contractually obliged to provide such indemnity. The Insurer's total liability under this Extension shall not exceed five (5) times the Indemnity Limit in the aggregate during the Period of Insurance for all claims arising from each production of Media Material so purchased, co-produced, licensed or distributed. Cover under this Extension is conditional upon the Insurer retaining the right to conduct the defence and settlement of any such claim, and upon any claim being first made against, and notified to the Insurer by, the Insured during the Period of Insurance.

Gap 2 · Worldwide / USA-Canada territory option (Media Liability)

Granular item	Schedule-selectable worldwide (and separately USA/Canada) territory & jurisdiction for Section 12.
Current TMHCC position	Section 12 is governed by the Schedule Geographical Limits and excludes claims brought, or whose governing law is contended to be, outside the Jurisdiction (default worldwide ex-US/Canada).
Competitor position (cited)	Tysers PI/E&O is worldwide with no jurisdiction exclusion (verified). Yutree restricts US/Canada.
Recommended action	ADD an optional, schedule-selectable Worldwide Territory & Jurisdiction extension, with USA/Canada as a separate selectable; default position unchanged.
Exact policy location	Section 12 – Extensions, after 'Distributors and Purchasers'.
Priority	High
Underwriting impact	High if US/Canada selected — price/sub-limit/higher excess; keep ex-US/Canada as default; confirm reinsurance treaty territory.
Legal sign-off required	Yes (Section 12)
Discrete tracked change applied	Yes
Status	Implemented (tracked) – optional, default unchanged

Copy-paste wording: This Optional Extension applies only if stated as operative in the Schedule. Where stated as operative, the Geographical Limits applicable to this Section are amended to anywhere in the world and the Jurisdiction applicable to this Section is amended to worldwide, and the exclusions of claims brought, or in which the governing law is contended to be, outside the Jurisdiction shall not apply. Cover in respect of claims brought in, or determined under the laws of, the United States of America or Canada (or any territory or protectorate thereof) applies only if "USA/Canada Jurisdiction" is additionally stated as operative in the Schedule.

Gap 3 · Journalistic source-protection costs (Media Liability)

Granular item	Legal costs to oppose a subpoena/court order requiring disclosure of a confidential source.
Current TMHCC position	Not provided.
Competitor position (cited)	Tysers PI clause 8.13 funds legal costs to challenge a subpoena requiring disclosure of a source (verified). Yutree/others: none.
Recommended action	ADD a sub-limited source-protection costs extension (counsel's opinion / reasonable-grounds test; insurer consent).
Exact policy location	Section 12 – additional covers, after 'Costs for Prosecuting Infringement of the Insured's IP'.
Priority	Medium
Underwriting impact	Low — small sub-limit; consent and prospects conditions.
Legal sign-off required	Yes (Section 12)
Discrete tracked change applied	Yes
Status	Implemented (tracked)

Copy-paste wording: Up to the sub-limit stated in the Schedule against this Extension, for the reasonable legal costs and expenses incurred by the Insured, with the Insurer's prior written consent, in opposing or responding to any subpoena, court order or other legal compulsion requiring the Insured to disclose the identity of a confidential journalistic source, where such disclosure arises from the Insured's Media Business Services. The Insurer will only provide such cover where, in the opinion of counsel, there are reasonable grounds to oppose disclosure. This cover forms part of and does not increase the Indemnity Limit.

Gap 4 · Representation costs at investigations/inquiries (Media Liability)

Granular item	Costs of attendance/representation at official examinations, investigations or inquiries.
Current TMHCC position	Provided only via Data-Protection Defence Costs; otherwise absent in S12.
Competitor position (cited)	Tysers PI clause 8.15 funds representation at official examinations/inquiries up to GBP 25,000 in the aggregate (verified, Tysers p.58).
Recommended action	ADD a GBP 25,000 representation-costs extension (matching the evidenced Tysers figure).
Exact policy location	Section 12 – additional covers, after 'Costs for Prosecuting Infringement of the Insured's IP'.
Priority	Medium
Underwriting impact	Low — GBP 25k sub-limit (market-matched to Tysers).
Legal sign-off required	Yes (Section 12)
Discrete tracked change applied	Yes
Status	Implemented (tracked)

Copy-paste wording: Up to a maximum of GBP 25,000 (twenty-five thousand pounds sterling) in the aggregate in the Period of Insurance, for the reasonable costs and expenses incurred by the Insured, with the Insurer's prior written consent, in respect of attendance at or representation before any official examination, investigation, inquiry or other proceeding arising from the Insured's Media Business Services and which is likely to give rise to a claim under Insuring Clause 1. (Indemnity). This cover forms part of and does not increase the Indemnity Limit.

Gap 5 · Criminal / regulatory defence costs (Media Liability)

Granular item	Defence of criminal/regulatory proceedings arising from media activities.
Current TMHCC position	Section 12 funds only Data-Protection defence costs (GBP 250k). Broader criminal/regulatory defence sits in Section 13 (Commercial Legal Expenses) and Section 14 (Management Liability).
Competitor position (cited)	Tysers funds statutory defence (Bribery/Corporate Manslaughter/H&S/CDM) up to GBP 1,000,000 (verified). Yutree funds criminal-prosecution defence up to GBP 250,000 (verified).
Recommended action	ADD an express cross-reference to Sections 13/14 plus a modest schedule-referenced contribution within S12 (excluding fines/penalties and post-guilt costs).
Exact policy location	Section 12 – additional covers, after 'Costs for Prosecuting Infringement of the Insured's IP'.
Priority	Medium-High
Underwriting impact	Low-Medium — contribution capped by Schedule; primarily a clarifying cross-reference to S13/S14.
Legal sign-off required	Yes (Section 12)
Discrete tracked change applied	Yes
Status	Implemented (tracked)

Copy-paste wording: In addition to the Data Protection Defence Costs provided above, the Insured is reminded that defence of criminal and regulatory proceedings may also be available under Section 13 (Commercial Legal Expenses) and Section 14 (Management Liability)... The Insurer will further contribute, up to the sub-limit stated in the Schedule against this Extension... towards the reasonable defence costs of any criminal or regulatory proceeding... save to the extent that cover is provided under Section 13 or Section 14... excludes fines, penalties and any costs incurred after a plea or finding of guilt.

Gap 6 · King's Counsel dispute-resolution clause (Media Liability)

Granular item	Binding KC determination on defence/settlement disputes.
Current TMHCC position	Relies on a general CEDR mediation clause ('in respect of Section 12 only').
Competitor position (cited)	Yutree PI-Media includes a clear King's Counsel determination clause binding both parties (verified, Yutree p.134).
Recommended action	ADD a KC-determination clause to the Section 12 dispute provisions.
Exact policy location	Section 12 dispute clause ('In respect of Section 12 only any dispute...').
Priority	Low-Medium
Underwriting impact	Low — procedural; reduces coverage-dispute friction.
Legal sign-off required	Yes (Section 12)
Discrete tracked change applied	Yes
Status	Implemented (tracked)

Copy-paste wording: In respect of Section 12 (Media Liability) only, if the Insured and the Insurer disagree as to whether or how any claim should be defended, settled or pursued, either party may require the matter to be referred to a King's Counsel of the English Bar to be mutually agreed... The opinion of such King's Counsel... shall be binding on both parties... costs... allocated... on a fair and equitable basis.

Gap 7 · Pollution negligent-advice write-back (Media Liability PI)

Granular item	Narrow PI write-back for liability arising solely from negligent advice (not contamination itself).
Current TMHCC position	Section 12 excludes seepage/Pollution/contamination outright.
Competitor position (cited)	Yutree grants a limited pollution write-back for the insured's own negligent act/error/omission (verified). Tysers excludes pollution from PI.
Recommended action	ADD a narrow write-back to the S12 Seepage & Pollution exclusion, ring-fenced to negligent advice and excluding bodily injury, property damage and clean-up/remediation; schedule sub-limit.
Exact policy location	Section 12 – Exclusions, after 'Seepage and Pollution'.
Priority	Medium
Underwriting impact	Medium — ring-fenced to negligent advice; BI/PD/clean-up excluded; schedule sub-limit.
Legal sign-off required	Yes (Section 12)
Discrete tracked change applied	Yes
Status	Implemented (tracked)

Copy-paste wording: provided that this Exclusion shall not apply to any claim arising solely from a negligent act, negligent error or negligent omission in the provision of the Insured's Media Business Services (and not from any seepage, Pollution or contamination caused by the Insured's own operations, premises or activities), and provided further that this write-back shall not extend to any claim for Bodily Injury, property damage, or the costs of removing, nullifying, cleaning up or remediating any pollutant... sub-limit stated in the Schedule...

Gap 8 · Patent infringement (Media Liability IP)

Granular item	Cover for infringement of patents within IP cover.
Current TMHCC position	Section 12 excludes patents (deliberate restriction).
Competitor position (cited)	Tysers PI clause 8.9 covers patent infringement within IP (verified). Yutree also excludes patents.
Recommended action	LEAVE EXCLUDED — patents are difficult to underwrite and the exclusion is a disciplined, defensible restriction (Yutree agrees). At most a narrow defence-costs-only write-back could be considered later.

Exact policy location	Section 12 – Exclusions, 'Patents'.
Priority	Low
Underwriting impact	High if broadened — patent damages are high-severity.
Legal sign-off required	Yes (if ever adopted)
Discrete tracked change applied	No
Status	PARKED – not implemented (deliberate restriction)

Copy-paste wording: (No change applied.) If ever required: a defence-costs-only contribution, sub-limited and excluding damages/accounts of profit, could be drafted — not recommended at present.

Gap 9 · Asbestos professional-duty write-back (Media Liability PI)

Granular item	PI write-back for negligent advice touching asbestos (not the contamination).
Current TMHCC position	Section 12 excludes asbestos outright.
Competitor position (cited)	Tysers PI grants an asbestos professional-duty write-back up to GBP 1,000,000 (ex-BI) (verified).
Recommended action	PARK — a narrow negligent-advice write-back is possible but requires careful drafting (exclude BI and contamination). Provided for consideration, not applied.
Exact policy location	Section 12 – Exclusions, 'Asbestos'.
Priority	Medium
Underwriting impact	Medium — ring-fence tightly; exclude BI and contamination.
Legal sign-off required	Yes (Section 12)
Discrete tracked change applied	No
Status	PARKED – for consideration / sign-off

Copy-paste wording: provided that this Exclusion shall not apply to liability arising solely from a negligent act, error or omission in professional advice or specification given in the course of the Insured's Media Business Services, excluding any claim for Bodily Injury and any costs of removal, remediation or clean-up; sub-limit per the Schedule.

Gap 10 · Personal Accident & Business Travel

Granular item	Standalone PA / business-travel cover.
Current TMHCC position	No standalone PA / business-travel section.
Competitor position (cited)	Tysers has an extensive PA & Business Travel section; Yutree covers PA assault.
Recommended action	EXCLUDED FROM THIS EXERCISE by instruction — Personal Accident and Travel are NOT to be added. Note: Personal Assault under the Money section (Section 8, Sub-Section 2) is DISTINCT from Personal Accident and is retained unchanged.
Exact policy location	(Not applicable.)
Priority	n/a
Underwriting impact	n/a
Legal sign-off required	n/a
Discrete tracked change applied	No
Status	EXCLUDED by instruction (PA & Travel)

Copy-paste wording: (No wording — deliberately excluded.)

Gap 11 · Increased Cost of Working / Book Debts (Business Interruption)

Granular item	Named ICOW/AICOW and Book Debts heads in BI.
Current TMHCC position	Section 3 already covers Increase in Cost of Working / Additional ICOW and Accounts Receivable, now expressly labelled 'Accounts Receivable (Book Debts)'.
Competitor position (cited)	Allianz splits ICOW and Book Debts into discrete sections (presentational).
Recommended action	No change — already covered and named. (Book-Debts label confirmed.)
Exact policy location	Section 3 – Business Interruption.
Priority	Low

Underwriting impact	Nil — clarification only.
Legal sign-off required	No
Discrete tracked change applied	No
Status	Already met – no change

Copy-paste wording: (No change.)

Gap 12 · Computer / IT breakdown (first-party)

Granular item	Named computer/IT breakdown cover.
Current TMHCC position	'Breakdown' is defined and IT-Property Breakdown is covered within Sections 1 and 2 (carried across from old Section 4).
Competitor position (cited)	Yutree offers a standalone Computer Breakdown section.
Recommended action	No change — breakdown cover is present and explicit within S1/S2; a standalone section is not required.
Exact policy location	Sections 1 & 2 – Breakdown.
Priority	Low
Underwriting impact	Nil.
Legal sign-off required	No
Discrete tracked change applied	No
Status	Already met – no change

Copy-paste wording: (No change.)

C Part C — sub-limit harmonisation to market-highest

For every extension carrying a sub-limit: TMHCC vs the attached competitor wordings. TMHCC already meets or exceeds every evidenced competitor numeric sub-limit, or is schedule-driven (broker-set). No existing TMHCC sub-limit has been raised because no attached competitor figure is demonstrably higher for the same benefit; none has been invented and none lowered. New gap-fill covers carry sub-limits set to the evidenced market figure.

Extension / benefit	Old TMHCC limit	New TMHCC limit	Competitor source & limit	Sign-off
Media Liability – Virus transmission	GBP 500,000	GBP 500,000 (no change)	Tysers GBP 250,000 (8.16). TMHCC already higher.	No — TMHCC already market-highest
Media Liability – Reputation Management	GBP 250,000	GBP 250,000 (no change)	Yutree GBP 250,000 (verified). Match.	No — matches market-highest
Media Liability – Withdrawal of Content	GBP 250,000	GBP 250,000 (no change)	Yutree GBP 250,000 (withdrawal/alteration). Match.	No — matches market-highest
Media Liability – Data-Protection Defence Costs	GBP 250,000	GBP 250,000 (no change)	Yutree EXCLUDES DP in PI; Tysers —. TMHCC already broader.	No — TMHCC strength
Media Liability – Court Attendance (per day)	GBP 500 / GBP 250	GBP 500 / GBP 250 (no change)	Tysers GBP 500/250 with GBP 25k aggregate (8.4); Yutree GBP 25k aggregate. Per-day matches; competitor ADDS an aggregate CAP (narrower). TMHCC not lowered.	No — do not add a cap
Media Liability – Pursue insured's own IP	GBP 25,000	GBP 25,000 (no change)	No competitor equivalent figure. Cannot determine.	No — cannot determine
Media Liability – Representation costs (NEW)	— (new)	GBP 25,000	Tysers GBP 25,000 (8.15). New cover set to evidenced market figure.	Yes (Section 12)
Media Liability – Distributors & Purchasers (NEW)	— (new)	5× Indemnity Limit (aggregate)	Tysers 5× limit (8.7). New cover set to evidenced market structure.	Yes (Section 12)
Media Liability – Loss of Documents	Per Schedule (Indemnity Limit)	Per Schedule (no change)	Tysers GBP 1,000,000 (8.10); Yutree = limit. TMHCC schedule-driven (broker-set, can be ≥).	No — schedule-driven
Section 8 – Money – Premises (NEW)	— (new)	Per Schedule	Schedule/Item-driven across the market (Entertainment Elite, Liberty, Allianz). Figure set in Schedule.	Underwriting to set figure
Section 8 – Money – Touring, Festivals & Events (NEW)	— (new)	Per Schedule	Amalgamates Entertainment Elite event-money (assault + employee dishonesty GBP 25k) + 0523 'Venue'; Schedule/Item-driven, so no fixed market figure invented.	Underwriting to set figure
Section 2 – Artists' Equipment	GBP 20,000	GBP 20,000 (no change)	No competitor 'artists equipment' figure; Yutree portable electronic GBP 500 / driver's effects GBP 1,500 are lower/different. TMHCC not lowered.	No — cannot determine a higher figure
Section 2 – General Average delay	GBP 10,000	GBP 10,000 (no change)	No competitor equivalent. Cannot determine.	No — cannot determine
Section 2 – Mechanical/Electrical Breakdown (optional)	Within sum insured (Per Schedule)	Per Schedule (no change)	Yutree M&E breakdown GBP 30,000 (verified); TMHCC schedule-driven (typically ≥).	No — schedule-driven
Section 11 – Production Indemnity agency / talent costs	GBP 30,000	GBP 30,000 (no change)	No like-for-like competitor figure (Tysers/Yutree production indemnity schedule-driven). Cannot determine.	No — cannot determine
Sections 13/14/15 sub-limits (legal/D&O/cyber)	Various (per wording/Schedule)	No change	No competitor wording offers Legal Expenses, Management Liability or standalone Cyber — nothing to benchmark.	No — TMHCC-only sections

D Section 12 (Media Liability) — items requiring legal / underwriting sign-off

All Section 12 amendments are applied as discrete tracked changes so they can be reviewed and accepted or rejected individually — but each **REQUIRES** sign-off before acceptance.

Item	Amendment type	Sign-off note
Computer System definition alignment (A6)	Definition amendment	Align S12 to the broad S15 definition.
Distributors & Purchasers (B1)	New cover	5× Indemnity Limit aggregate exposure.
Worldwide / USA-Canada territory option (B5/Gap 2)	Schedule-selectable option	Material territory/jurisdiction broadening if selected.
Journalistic Source-Protection Costs (B3)	New cover	Small sub-limit; editorial/news relevance.
Representation Costs at Investigations/Inquiries (B2)	New cover	GBP 25k market-matched.
Criminal & Regulatory Defence Costs (B4)	Clarification + contribution	Cross-ref S13/S14; capped contribution.
King's Counsel determination clause (B6)	Condition amendment	Procedural dispute-resolution upgrade.
Seepage & Pollution negligent-advice write-back (B7)	Exclusion write-back	Ring-fenced to negligent advice.

E Reviewer notes / UNCONFIRMED / cannot-determine

- ALL Section 12 (Media Liability) amendments are applied as discrete tracked changes but **REQUIRE** legal/underwriting sign-off before acceptance (A6, B1–B7).
- A4 Money restructure: split into two Schedule-referenced sub-limits — 'Money – Premises' and 'Money – Touring, Festivals and Events' — in line with the other Item coverages (figures chosen in the Schedule). The touring/event extension amalgamates the Entertainment Elite event-money section and the 0523 (MIB) 'Venue' money enhancement. No existing Money cover, condition or exclusion was removed. A specific market-highest figure **CANNOT BE DETERMINED** (competitor money is Schedule/Item-driven); underwriting sets it.
- Entertainment Elite (v3.2) has been added as a **SIXTH** competitor across the comparison and is the source of the amalgamated event-money cover. Liberty and Allianz uploads were byte-identical to the repo copies and were ignored as duplicates.
- From the TMHCC 0523 (MIB) variant only the Money enhancement was harvested (the 'Venue' money situation); no other cover was taken from 0523.
- PART C sub-limit harmonisation: TMHCC already meets or exceeds every evidenced competitor numeric sub-limit, or is schedule-driven (broker-set). No existing TMHCC sub-limit was raised because no attached competitor figure is demonstrably higher for the same benefit; none was invented and none was lowered.
- A5 Employee: Tysers (p.9) and Yutree ('Employed person', p.88) definitions verified from the attached wordings. The general Sections 1–11, S12 and S14 definitions already meet/exceed them; only the narrow Section 13 definition was broadened.
- Patent infringement (Gap 8) deliberately left excluded; Asbestos negligent-advice write-back (Gap 9) parked for consideration with proposed wording — neither applied.
- Personal Accident and Travel deliberately **NOT** added (per instruction). Personal Assault under the Money section (S8, Sub-Section 2) is distinct and retained unchanged.
- 'Market-leading'/'highest-in-market' statements are supported by the six attached competitor wordings. Items that could not be traced to an attached wording are labelled **CANNOT-DETERMINE / UNCONFIRMED** above.
